

Polaris

Industry

Polaris Polska is part of Polaris Industries, an American company established in Minnesota in 1954. The company operates production plants in the USA, Mexico and India. The Polish branch specialises in manufacturing off-road vehicles, primarily quads. The Opole factory is the first facility built by Polaris in Poland. Erected in 2014, it is responsible for approximately one-third of all sales outside the North American market. It is the only factory in Poland which ships complete products in the form innovative, high-quality off-road vehicles, including all-terrain vehicles and Polaris RANGER® and RZR® Side-by-Sides, snowmobiles, motorcycles and electric road vehicles.
