

Opole Ice Speedway Gala

For children
Recreational
Sports

The Opole Speedway Gala combines an adrenaline-packed race with a two and four-wheeled acrobatics show. The purpose of the event is to raise funds for sick children, as well as charities and hospices helping young patients.

The icy track requires a lot of skill from the bikers, but this makes it all the more interesting to watch! The Toropol ice rink becomes an arena for both quads and off-road vehicles. The Gala traditionally consists of the Ice Speedway Doubles Tournament, in addition to ice skating events, mini cross and quad speedway tournaments, karting and motorsport demonstrations. Special guests also make an appearance, such as Dakar Rally winner Rafał Sonik, race drivers Paweł Dytko and Andi Mancin, as well as young go-kart drivers such as Alan Lalak – the youngest Polish karting champion.

The event is organised by the Hawi Racing Team association with the support of the city and voivodeship authorities.
