

# Capgemini

BPO

Capgemini is a global market leader in counselling, technological services and digital transformation, whose goal is to implement state-of-the-art and innovative solutions, providing clients with a whole range of new opportunities in the developing world of digitisation, cloud computing and online platforms. The Capgemini Group is supported by two specialised internal brands which offer clients comprehensive service and solution packages: Capgemini Invent and Sogeti. The company has more than 50 years of experience and extensive industry knowledge which enables it to achieve its business goals, offering services ranging from strategy to operational activities. Capgemini believes that the business value of technology is determined by people and that it should serve humanity. This multicultural company numbers more than 200,000 employees across 40 countries.
