

# Opta data sp. z o. o.

BPO

Opta data sp. z o. o. is part of the opta data GmbH group, which is one of the leading billing and IT service providers in Germany. The company offers medical billing outsourcing services, as well as phone customer service in German. Opta data combines experience with constant development and process improvements. Data security is very important to the company, which is why it acts in accordance with a strategy of continued improvement of IT systems and procedures. The motto is "Lösungen, die verbinden" – "Solutions which connect". Opta data was one of the first outsourcing companies to begin operating in Opole, establishing its branch office in the city in 2012.
