

Axxiome Polska Sp. z o.o.

IT

Axxiome represents innovation in the financial services industry. Utilizing our solutions, combined with many years of expertise in technology and consulting services, we guide banks into the world of digital transformation. Axxiome's Polish offices are located in Wrocław and Opole. The company employs managers in our market who are responsible for global departments in areas such as technology, products, IT system architecture, IT management, finance, and HR. The Opole branch primarily employs experts focused on product development.
